Facebook: The Achieve Center

The ACHIEVE Learning Center is operated under the umbrella of the Livingston County Commission on Children & Youth (LCCCY). A school year program and a 6–8-week summer school are offered. Call for dates. All teachers are certified.

MISSION

Our mission is to help all students have success with learning. We focus on individual needs and provide one-on-one services. Our outcome is for the students to remain at grade level with their peers and to improve their personal self-esteem and worth.

SERVICES

Learning Assistance: The center provides regular tutoring during school which is offered on Tuesdays and Thursdays. Tutoring services help students in areas of remedial academic needs, homework support, and learning style assessment for underachieving students. Plato, a web-based curriculum, can also be used as it utilizes educational standards including problem-solving skills, online assessment, interactive stimulation, and direct tutorial practice. The tutoring sessions are typically 1 hour.

Pass ‘Em On Program/Credit Recovery: for students who did not complete course work successfully. To earn credit a home district professional will state the criteria of time and concepts to be learned. Parents are responsible for payments for the service and transportation. The Achieve Center will be responsible for teaching the concepts and notifying the district when the criteria has been met. The district will grant the credit.

The Plato Program: The Plato Program is a web-based curriculum used on the computer with children/youth who are struggling in school academically. This program assesses where the child is academically and provides an alternative format for learning. The Livingston County Commission on Children & Youth (LCCCY) purchases Plato licenses each year and it has been used in numerous different Livingston County schools.

Diploma Recovery: The Center has expanded to offer a Diploma Recovery program for those young adults who have dropped out of high school and recovery of a few courses/credits is more appropriate than for them to complete the whole High School Equivalency Course.

FEES

Tutoring is \$30 per hour
Credit Recovery is \$20 per hour
Scholarships are available. Call the office for details.

311 W. John H. Gwynn Jr. Ave.

Peoria, IL 61605

TEL: (309) 677-7272

TOLL FREE: (800)733-2767

PURPOSE

The American Red Cross mission is alleviating human suffering, primarily through preventing, preparing for, and responding to disasters and other emergencies. The following services are offered:

SERVICES

Disaster Services – The Red Cross seeks to empower people to prevent and prepare for disasters and responds 24 hours per day when disaster strikes. Community disaster preparedness training available upon request. Post-disaster housing assistance is also available for verified disasters. (Frozen/burst pipes due to cold weather do not qualify.)

Services to the Armed Forces – A worldwide communication network system enables the Red Cross to transmit emergency messages to and from members of the armed services anywhere in the world, 24 hours per day. Eligible family members of an active-duty, retired, or deceased military service member or family members called to the bedside of an ill/injured military service member may qualify for financial assistance.

Blood Services – The Red Cross collects, processes, and distributes blood and blood products to ensure a safe and adequate blood supply. Local blood drives offer donors several regular dates, times, and places to donate blood.

Health and Safety Services – The American Red Cross of the Heartland provides training classes in the following areas:

- | | | |
|---|------------------------|------------------------|
| * First Aid (children and adult curriculum) | * CPR | * Defibrillation (AED) |
| * Baby Sitter Training | * Aquatics | * Family Caregiver |

SERVICES / ELIGIBILITY

HAMMITT SCHOOL

Special education, home intervention, and therapy to children with severe behavior disorders, emotional disorders, autism, pervasive developmental delays, and/or learning disabilities. Public school districts within a 60-mile radius refer children age 3-21 years at either our Hammitt Elementary or Hammitt Junior-Senior High Campus.

POST LEGAL ADOPTION SERVICES

The provision of legally sanctioned information, mediation, counseling, and search assistance provided to all parties involved in adoptions facilitated by The Baby Fold.

ADOPTION PRESERVATION SERVICES

Intensive counseling and support services to adoptive families in crisis. Contact the adoption preservation services unit at **309-454-1770** for further information.

FOSTER CARE

Licensed foster homes provide traditional and specialized care to children in need of placement outside their homes. All foster parents meet state standards and receive initial and on-going training and support throughout a child's placement in their home. Services to the children are individually tailored to meet their needs. Support group available.

INTACT FAMILY SERVICES (IFS)

IFS provides intensive casework for families at risk of abusing and neglecting their children. The goal is to stabilize and strengthen families and prevent the need for foster care placements.

FEE SCHEDULE

1. Hammitt School - Tuition is paid by referring school districts.
2. Post Legal Adoption Services - No fee for mediation or provision of legally sanctioned information; search assistance fee; and counseling fees on sliding scale.
3. Adoption Preservation Services - No fees.
4. Foster Care - No fees to foster parents. Standard foster care rates are paid to foster parents.
5. IFS – No fees, but must be referred by DCFS.

Hours of operation: Monday to Friday 8:30 a.m.-5:00 p.m.

SERVICES

EARLY CHILDHOOD CARE AND EDUCATION

Children's Home + Aid provides a comprehensive array of services including Early Head Start, Head Start, Preschool for All, Home Based Care, and Child Resource & Referral programs. The agency's Early Childhood Centers provide childcare, education, health services and meals to children aged six weeks to six years old from approximately 6:00am to 5:30pm Monday through Friday. The Centers provide priority enrollment to children considered at-risk, including children of adolescent parents, victims of child abuse and/or neglect, and children from very low-income households.

PARENT SUPPORT

The Butterfly Project provides children and families who have experienced domestic violence, family violence and community violence with a comprehensive continuum of care. The program addresses the issue of children's exposure to violence by providing community education, training and direct services to children, ages 0-13, who have been exposed to violence. Contact April Garcia for more information.

The Children's Room is a short-term waiting room at the McLean County Law and Justice Center where parents and guardians can bring their children (6 weeks – 12 years old) while they are involved in court-related matters. The Children's Room minimizes children's exposure to the trauma of court testimony. It also frees the court system of the noise and disruption associated with children in the courtroom.

Crisis Nursery provides emergency childcare for children birth – 6 years old. Open 24 hours a day, seven days a week to assist stressed and in-need families facing unexpected crisis.

Scott Early Learning Center serves children 6 weeks -5 years from families of all income levels and also offers Preschool For All – a free, half-day education program for up to 40 children between 3-5 years old who are from low-income families or who have developmental risk factors.

Care and Share offers support groups for generally anyone who is parenting: biological parents, non-custodial parents, single parents, stepparents, foster parents, grandparents raising grandchildren, and other relative/non-custodial caregivers.

Family Visitation Center provides a safe, neutral environment for supervised visits and exchanges between non-custodial parents and their children. Supervised visitation is solely for victims of domestic violence with no involvement with the child welfare system.

SERVICES

CENTRAL POINT OF ENTRY/SENIOR INFORMATION SERVICES

CCSI Case Coordination LLC provides information & assistance to the under 60 disabled population and over 60 population in Livingston County. This includes helping these populations apply for local, state, and federal programs and services, outside agency referrals, Senior Health Insurance Program Counseling, application assistance, and Healthy Aging Classes.

CAREGIVER ADVISORY PROGRAM

The Caregiver Advisory Program provides assessments and support services to caregivers and care-receivers living in the community. This could mean a child caring for their aging parent, a parent caring for their disabled child, spouses or other family members caring for their loved one, or long-distance caregiving challenges. The Caregiver Advisor facilitates support groups to help educate and network caregivers in order to help them feel less socially isolated and introduce new coping skills. The Caregiver Advisor also makes referrals as appropriate for the specific caregiver/care-receiver situation.

GRANDPARENTS RAISING GRANDCHILDREN (GRG)

This Caregiver Advisory is a fantastic resource for grandparents who have either temporarily or permanently been given the additional role of raising their grandchildren. This special population encounters a variety of challenging needs and unusual experiences with a great deal of financial strain. The Caregiver Advisor can help grandparents find resources and supports in the community that will help alleviate and address some of these needs. GRG Support Groups include childcare services to help facilitate accessibility.

SERVICES

The Department of Human Services provides financial and medical assistance and food stamps to eligible persons. TANF (Temporary Aid to Needy Families) is the financial and medical assistance for needy families. The AABD (Aid to Aged, Blind, and Disabled) program provides medical assistance to aged, blind or disabled people.

FOOD STAMPS

This program is designated to provide a supplement to the budget of low-income households. When combined with the household's other income, it allows the household to purchase a nutritionally adequate diet. Under the income and asset standards set by the U.S. Department of Agriculture, recipients of assistance and many non-recipients may now qualify for benefits.

MEDICAL ASSISTANCE

This program provides medical assistance for TANF recipients, families with children under age 19(Family Health Plan, Family Assist, All Kids, and Moms & Babies for pregnant women and children under 1 year old), and to aged, blind, or disabled persons who have been found disabled by Social Security Administration or by Health & Family Service's Client Assessment Unit, as well as medical benefits provided through the Affordable Care Act. It provides early health screening to children of eligible families through the Medichex program.

REFUGEE / ENTRANT / REPATRIATE

The Department administers federal programs providing assistance to refugees from any country, Cuban refugees, Cuban / Haitian Entrants and U.S. citizens returned by foreign governments. The Department established eligibility standards & levels of assistance for these programs to parallel other assistance programs within the limits required by federal law for federal reimbursement of costs.

SUPPORT ENFORCEMENT

The Department of Health & Family Services operates programs to establish paternity and to locate parents who are delinquent in making payments for support of their children. Parent Locator Services are operated primarily for those families receiving public assistance but are available to others as well at minimal charge.

SERVICES

VOCATIONAL REHABILITATION SERVICES (VR) (Employment & Training)

The Division of Rehabilitation Services assists people with disabilities in preparing for, finding, and maintaining employment. Many people with disabilities of working age (16-64) are eligible for Vocational Services. To be eligible an individual must have a significant physical, mental, or learning barrier that makes it difficult to go to work. DRS vocational program provides individual assessment, evaluation, diagnostic services, career guidance & counseling, financial support for training including certification programs & academic degree programs for all state supported colleges and universities. Our staff work closely with employers, community partners, educators, and service providers offering individualized placement services that bring employers and qualified employees together. Assistive technology evaluations & equipment can also be provided to those individuals who require such supports in the workplace or with training programs. In Livingston County, DRS has a contract with Futures Unlimited for job development and placement services. Other specialized Vocational Rehabilitation services are provided for people who are blind or visually impaired, deaf or hard of hearing. A VR Counselor can help you determine if you are eligible for VR programs. Give us a call to discuss services or go online.

HOME SERVICES PROGRAM

The Division of Rehabilitation Services has an in-home care program (HSP) to serve people with severe disabilities under age 60 who need help with daily living activities in their homes. These individuals are at risk of moving into a nursing home or other facility due to their unmet need for daily living tasks. This program provides a wide range of services to individuals with the most significant disabilities to enable them to remain in their homes and live as independently as possible. Our Community Reintegration Program helps individuals with disabilities who live in nursing homes move into the community with the supports they need to live independently. DRS has a specialty program that serves people with HIV/AIDS or brain injuries, such as stroke or other acquired traumatic brain injuries. An HSP Counselor will assess your needs for services required to help you remain in your own home. Please call to submit and application for services or go online.

FAX: (815) 844-7291

SERVICES

Heartland Head Start enhances the lives of children and families in McLean and Livingston counties who are at or below 100% of the federal poverty guidelines. We do this by providing comprehensive child and family development programs and services for women receiving prenatal care, as well as home-based and center-based programs of children ages birth to 5 years old and their families.

ELIGIBILITY

Eligibility for Head Start is determined by guidelines established by the federal government.

- Are you pregnant or do you have a child under 5?
- Is your income level at or below 100% of the federal poverty guidelines?
- Are you experiencing homelessness?
- Do you have a child with special needs?
- Do you receive TANF (Temporary Assistance to Needy Families)?
- Do you receive SSI (Supplemental Security Income)?
- Are you a foster family?
- Do you have other special circumstances that may qualify you for services?

If you answered yes to any of these questions, you may qualify for Head Start Services. Parents of special needs children are highly encouraged to apply as well. Please know that enrollment is NOT first come, first served. The families with the greatest needs receive services first, no matter the date of application for enrollment. For income eligibility clarifications, please visit U.S. Federal Poverty Guidelines.

MISSION

Our vision at Heartland Head Start is to implement high quality programming and partnerships in order to have ready children, ready families, and ready schools. To that end, we strive for an organization that has engaged staff members who love to learn and use creative approaches to meet each child's and family's individual needs.

Beth Baillie-Family Support Specialist

The purpose of the Livingston County Commission on Children and Youth is to promote the development of an integrated, comprehensive community system of services for children and youth in Livingston County, particularly those who have special problems of emotional, physical and intellectual development, or who are not functioning successfully within the life of the family and the community.

PROGRAMS & SERVICES

The Family Resource Program: This program provides assistance to low-income families or families with unexpected circumstances that arise. These basic needs may be rent, utility, food, transportation, medications, clothing, school supplies, furniture, or appliances. Before any payment is made or funds dispersed, all other options or resources are exhausted.

Intensive Placement Stabilization (IPS): IPS serves children who reside in a foster home or children who have returned home from residential placement. In order to help preserve the placement, this program provides counseling, respite care, and mentoring along with hard services such as: clothing, furniture, recreational opportunities, etc. The program is funded by DCFS.

The Family Support Specialist: The Family Support Specialist serves children and families involved with the juvenile court system. The program can provide a mental health screening, case management, advocacy, truancy review, and service linkage. This program serves about 50 children/youth a year. It is funded by the Livingston County Commission on Children and Youth (LCCCY) and the Regional Office of Education.

The Plato Program: The Plato Program is a web-based curriculum used on the computer with children/youth who are struggling in school academically. This program assesses where the child is academically and provides an alternative format for learning. The LCCCY purchases Plato licenses each year and it has been used in numerous different Livingston County schools.

The A.C.H.I.E.V.E. Learning Center: The A.C.H.I.E.V.E. Learning Center is an afterschool/evening program which utilizes learning assistance, tutoring, homework support, credit recovery, and remedial and underachievement help. The Center is located in Pontiac, but serves students from anywhere in Livingston County. The A.C.H.I.E.V.E. Learning Center also uses the Plato Program. The LCCCY offers 8-10 scholarships a year to students referred in need of financial assistance. The Center has expanded to offer a Diploma Recovery program for those young adults who have dropped out of high school and recovery of a few courses/credits is more appropriate for them to complete than the whole High School Equivalency Course. The A.C.H.I.E.V.E. Learning Center usually serves about 10-20 youth a year.

Livingston County Commission on Children and Youth (LCCCY): The LCCCY meets at least 6 times a year during the school year and involves 2 student representatives from each high school in the county and various people from different social service agencies, law enforcement, businesses, judicial system, school personnel, and the board members of the LCCCY. Reports are shared by the students on their respective schools, agencies share updates on their programs, along with speakers or discussion on relevant community topics are now offered.

MISSION STATEMENT

The mission of the Livingston County Mental Health Board is to assure that a comprehensive and coordinated community-based system of effective and efficient mental health, developmental disability, and substance use services is available to all the residents of Livingston County in need of such services.

RESPONSIBILITIES/SERVICES

In June 1968, Livingston County voters approved the mental health referendum which gave the County the power to levy taxes to be put in “Community Mental Health Fund”. It is administered by the seven members named the Livingston County Mental Health Board (708). This County governmental unit is responsible for establishing, maintaining, funding, and regulating mental health services to meet the needs of the citizens of Livingston County. These include services for individuals with developmental disabilities, mental illness, and substance/alcohol issues. The Board currently supports a wide variety of services, including those provided by Futures Unlimited, the Institute for Human Resources, Mosaic, OSF Infant/Toddler Enrichment Program, Operation Snowball, AIR Program, and Safe Journeys.

Board meetings are open to the public and are held at 4:00 p.m. on the third Thursday of each month in the Center Conference Room at the Health & Education Building, 310 East Torrance Avenue, Pontiac.

PURPOSE

Operation Snowball was founded on the belief that every individual has the capacity to make sound decisions regarding his or her own life if given accurate information, an understanding of their own motivations, effective life skill tools and feelings of positive esteem towards themselves and others. This organization is a youth-adult partnership and leadership prevention program for adolescents focused on making positive healthy lifestyle choices. The name originates from the idea, "If I have a positive impact on you, you can have a positive impact on someone else and the effect SNOWBALLS." We focus on leading drug- and violence-free lives for ourselves and our community.

SERVICES

- A. To provide factual information about drugs and alcohol upon which individuals may make responsible, rational decisions about the use of alcohol and drugs.
- B. To develop social and educational experiences designed to teach coping and decision-making skills.
- C. To provide activities to keep participants feeling good about themselves and their accomplishments.
- D. To help establish an environmental climate that promotes positive norms and attitudes towards social interaction and community relations.
- E. To allow teens to express their talents and leadership ability by becoming a vital part of Operation Snowball, Livingston County, and the State of Illinois.
- F. To provide Operation Snowflake to 6th, 7th and 8th graders on a yearly basis. (usually in the spring)

SERVICES

Livingston County Probation / Court Services works with juveniles and adults and provides the following services:

1. The supervision of individuals placed on probation by the Court. Referrals are made for medical, mental health, employment, educational, and prosocial recreational services. Probation Officers act as a liaison between the Court and other agencies working with the client. Like services are also provided to probationers of courts from other counties or jurisdictions who relocate to Livingston County.
2. Recovery Court programs including Drug Court and Veteran's Court.
3. Juvenile intake screening. Minors alleged by police to have committed a criminal offense are investigated to provide the State's Attorney with relevant information to aid in the prosecutorial decision and divert minors from the formal court system when appropriate. A Probation Officer meets with minor and family and contacts victims, involved Police Officers, and representatives of other involved agencies to gather information. Minors appropriate for diversion may be referred to various programs or be supervised formally.
4. Sentencing investigations to provide the Courts with background information concerning a defendant.
5. A Community Service Program to assist clients who are required to complete community service per a sanction from their Probation Officer or an order of the Court to find a worksite, and verification of all hours completed for the Court.
6. Electric Monitoring Programs of home confinement, GPS, and alcohol-use monitoring.

REFERRAL PROCESS

Most referrals come directly from the local Courts. However, law enforcement agencies, schools, other social agencies, and the community may also make referrals to the office.

SERVICES

The Workforce Innovation and Opportunity Act (WIOA) is a federally funded program administered on the local level. For Livingston County, Kankakee Community College is the contractor. Funding is provided by the Grundy Livingston Kankakee Workforce Board through the County Board Chairpersons. The partnership is committed to its mission “to enhance workforce quality to meet regional needs.” Programs offered are:

SCHOLARSHIPS

WIOA assists participants who enroll in training courses that prepare them for in-demand occupations. WIOA can help with tuition, books and supplies costs, and gas reimbursement. Schools and their programs must be approved at the state level in order to be eligible to receive funding. Funding is also available for assistance with paying for the High School Equivalency exam (GED).

JOB SEARCH ASSISTANCE

WIOA helps those looking for work through assistance with online applications, resume development, or interviewing skills. Access to a job board and computers are available to the public for job search purposes.

WORK BASED LEARNING

WIOA offers paid internship opportunities at area businesses and organizations to promote the development of good work habits. Participants are employed by Kankakee Community College, while the worksite provides the workload and supervision.

ACCESS

Livingston Workforce Services is located in room 222 with Heartland Community College on the second floor of the Pontiac Public Library. We accept walk-ins, but encourage individuals to make an appointment by calling 309-268-8280.

Scholarship inquiries can be submitted online at: www.livingstonworkforceservices.com/scholarship. We do not require documentation when making an inquiry for services, but we may ask for identification or additional documentation as needed to determine eligibility.

ELIGIBILITY

To be eligible to participate in WIOA programs, a person must be:

1. Authorized to work in the United States and
2. Registered for the Selective Service (applies to males born after December 31, 1959) and
3. Between 14 and 24 years old, with a barrier to employment (e.g. dropout, parent, homeless, foster child) or
4. At least 18 years of age, who is receiving public assistance, is a dislocated worker or displaced homemaker, or is deficient in basic skills.

*Individuals who do not meet one of the above guidelines may still qualify under less common eligibility criteria.

MISSION

OUR VISION: MCCA envisions healthy, self-sufficient families interacting positively with one another in strong, safe, and diverse neighborhoods to enhance the community while preserving the environment.

OUR MISSION: To educate, equip, and empower people to achieve healthy relationships, finances, homes, and neighborhoods.

OUR CULTURE: To treat clients, external contacts, and employees with respect and honesty. We are all in this together!

OUR GUIDING PRINCIPLES: We work together to break the cycles of financial instability and domestic violence by providing expertise to pathways for advocacy, education, and support. We give people hope; increase their options, skills, and confidence; and coach them to make informed positive life choices. We focus on quality of life and living conditions with an equitable and sustainable lens. We embrace chance, innovation, and collaboration to strengthen individuals, families, and communities.

SERVICES

(Service Areas: McLean and Livingston Counties)

NEXT STEP/LISC FINANCIAL OPPORTUNITY CENTER (FOC): A collaborative partnerships offering bundled services to coach individuals and families toward achieving and sustaining their goals related to financial stability. Bundled services include employment coaching, certificate and academic courses, income supports and public benefits as applicable, housing counseling, and financial coaching. Next Step begins with values and attitudes about money to set action steps for behavioral changes toward short-term and long-term goals determined by each customer. Coaches provide customers with the tools to overcome barriers and provide encouragement and accountability to achieve benchmarks related to reducing debt, increasing income, increasing savings, and increasing their credit score.

Entrance into the Next Step/LISC FOC requires participation in an orientation. After attending an orientation, a one-on-one interview is scheduled where customers bring in all of their financial forms. One-on-one support is also available through Heartland Community College, if interested in pursuing a career or and educational pathway. MCCA and Heartland Community College are co-locating to provide bundled services to students and community members.

HOUSING COUNSELING: The Housing Counseling program offers pre-purchase counseling, and foreclosure intervention. This program also offers Homebuyer Education workshops, both, online and in-house. Anyone is eligible to take the class to gain invaluable information regarding the home purchasing process. The workshops offer a prospective, or existing, homeowner practical knowledge about homeownership. This will make the purchasing process easier and more understandable, as well as provide essential information every homeowner should have. In addition, counseling services for those facing the possibility of foreclosure are also available.

FIRST STEP/INCOME SUPPORTS: Income Supports is designed to help individuals and families help themselves move toward higher levels of self-sufficiency through a case management-based approach. The emphasis will be on gathering and providing information, conducting assessments, and referring individuals/families to MCCA programs and/or other community services. Program participants must be motivated and expected to participate in case management to identify needs, set goals, and make progress toward financial stability. Case managers will provide information, assessment, referrals, budget counseling, life skills education, and advocacy. Any service-related payments made on behalf of participants will be a by-product of case management services and working through a realistic, step-by-step plan of action. Service payments will reflect a variety of individualized needs and may include such circumstances as homelessness, rental needs, budgeting, credit repair, LIHEAP assistance, life skill needs, education, employment, and transportation. Payments are based on a combination of client's need(s), availability of agency funds, and access to collaborative resources from other local agencies.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP): LIHEAP is a one-time payment towards utility bills for heat and electricity. The amount of payment varies based upon the household size and the amount of gross household income received during the past 30 days. Emergency assistance for shut-off utilities and furnace repair and replacement are also available through this program. The Percentage of Income Payment Plan (PIPP) is also available for income eligible households. This payment plan is designed to assist eligible clients monthly with energy payments. The utility companies that are participating in the program are Ameren, Nicor, and Commonwealth Edison.

MCCA also administers the ComEd Residential Special Hardship program for those households that have ComEd as their electric provider and are over the Energy Assistance program income guidelines. Customers who have had a crisis beyond their control, are on medical leave, or have low income due to disability, may apply for the program. This grant can be awarded once every 2 years. Please contact MCCA's Pontiac Office for eligibility.

*This year during the COVID-19 pandemic, there are no priority periods. Please see our website for instructions on how to submit the required documentation to apply. Please see below the Income Eligibility Guidelines for LIHEAP.

WEATHERIZATION (WX) ASSISTANCE PROGRAM: After September 30, 2020, Tazwood Community Services, Inc. in Morton, IL will be providing Weatherization services to residents of Livingston County. Please call Tazwood at (309) 266-9941 for more information. Weatherization assists income eligible homeowners by

installing energy conservation materials in the home at no cost. The program may provide eligible Livingston County residents the following:

1. Sealing cracks with weather-strips and caulk
2. Insulating attics and walls
3. Repairing windows and doors
4. Upgrading home ventilation
5. Clean and tune the furnace
6. If cost justified, furnace replacement
7. Electrical and water conservation measures

COMMUNITY BUILDING AND ENGAGEMENT (CB&E): For this year (FY21) and last year (FY20), both, MCCA's focus is on Livingston County for the Community Needs Assessment (CAN). MCCA would like to engage with as many community members and stakeholders as is possible in Livingston County, as MCCA would like to learn, and help address, where the gaps are in community needs and resources. MCCA will work with neighborhood associations and help with their resident-led initiatives.

COVID-19 RESOURCES (as funds are available): MCCA now has resources to address a variety of needs for individuals and families affected by the COVID-19 crisis. Many community members have been laid-off, have had their income substantially reduced, are awaiting unemployment, are falling behind, or have lost income due to the need to stay home to care for children released from school or ill family members. Individuals and families, even if they have not been before, are now in need of services.

Resources now available to eligible individuals and families include:

1. Rental assistance for up to three months. Maximums do apply.
2. Mortgage assistance for up to three months. Maximums do apply.
3. Temporary Emergency Shelter in hotel/motel for safety in documented crisis; maximum does apply.
4. Utility assistance for electric, water, gas, propane—variety of programs depending on need.
5. Prescription refill: assistance with one month of a prescription refill not to exceed \$300.00 per household.
6. Vouchers/Gift cards for food, hygiene products, diapers, formula, and detergents/disinfecting products
7. Transportation funding such as bus tokens or gas cards for returning to work. Max \$50.00 monthly with verification of employment or attending on-site certified educational/vocational programs; maximum amount applies to this resource.
8. Childcare expenses: childcare expense assistance for first month as individual starts or returns to employment; maximum amounts per family do apply.

9. Training funds to attend qualified certificate, job ready, and/or vocational training programs to re-enter the workforce including CDL licensure, Certified Nursing, welding courses, and any certified vocational program.

MISSION STATEMENT

“We partner with youth people to build a foundation that promotes safety, opportunities, and well-being in their lives.”

Since 1973 we have been helping youth and families by providing FREE services. We reunite families, help kids stay in school, teach young people useful skills, and teach students how to keep their lives substance free. We provide counseling, education and career planning, student support services, safety planning, and healthy living strategies to students and families. In both McLean and Livingston counties, we provide aid, shelter, and safety for runaway and homeless youth.

SERVICES

Crisis Intervention: 24/7 crisis response and emergency shelter for runaway, locked-out, and homeless youth 10-23 years old.

Youth Intervention Program: 90-day individual and family counseling, case management and referral services for youth ages 10-17 years old.

Street Outreach to Homeless Youth: Individual case management focused on survival aid, help finding and keeping a job, safety planning, education enrollment, legal aid, health and wellness connections, emotional support, and connections to short and long-term housing.

Transitional Living Program (TLP) and Maternity Group Home (MGH): 18-22-month transitional housing program for homeless youth ages 17-23. On-going case management, life skills, employment and educational training available to all youth.

Prevention & Education: Evidence-based courses in McLean County schools that explain the consequences of substance use as well as skills and strategies for not getting involved with drugs and other substances. We also collaborate with NAMI to teach Ending the Silence, a school-based suicide prevention and mental health education program. (McLean County only)

Youth Empowered Schools (YES): Embedded counselors in McLean County’s District 87 and Unit 5 to help students with problems they are having with school, family, and more. (McLean County only)

Parents Forever: A 4-hour court-approved parenting education program for parents going through the process of divorce or separation. Parents learn ways to continue to support their children during this difficult time, as well as some self-care strategies to help carry them through. Participants leave with renewed motivation, new skills, a workbook, and certificates of completion. The course fee is \$125, and a limited number of partial scholarships are available.

SERVICES

University of Illinois Extension's mission is to enhance the quality of life for rural and urban people through teaching, research, and outreach programs focusing on human activity, food, fiber, and natural resource systems. Extension provides practical education you can trust to help people, businesses, and communities solve problems, develop skills, and build a better future. U of I Extension offers educational programs in five broad areas:

- * Energy and environmental stewardship
- * Food safety and security
- * Economic development and workforce preparedness
- * Family health, financial security, and wellness
- * Youth development

Families

Nutrition, wellness, economics, agriculture, and horticulture information is available through meetings, websites, and literature on topics such as consumer financial management (includes youth and adults), health, economics, environment, production and protection of plants in urban and suburban ornamental landscapes, and fruit and vegetable production and protection (community and school gardens). Illinois 4-H prepares youth to solve Illinois' problems by producing the leaders, innovators, entrepreneurs, stewards, and builders we need. 4-H builds good leaders by giving them safe environments to practice all the skills needed to be successful leaders. 4-H provides both a club experience, Special Interest clubs, and various workshops.
